Allowable Subject Matter

The following is an examiner's statement of reasons for allowance: the instant claims are drawn to a process for producing a prostaglandin compound, including latanoprost, bimatoprost, and travoprost. The instant process is accomplished via intermediate compounds, specifically, the dihydroxy compounds designated as compounds (7) through (12) or (VI a-c) and (V a-c) that are neither disclosed nor suggest by the closest prior art of record; as such, a process of preparing prostaglandin compounds via said intermediates is found unobvious in view of the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Sikarl A. Witherspoon whose telephone number is 571-272-0649. The examiner can normally be reached on M-F 8:30-6:30.
